## Employment Opportunity

Are you interested in providing quality orthopedic physiotherapy focused on function?

Are you a Physiotherapist looking for a home? Do you want to make a real change in your community by serving our most motivated citizens? Are you ready to be part of something that is more than just Physiotherapy? Neuro Physio is looking for the right fit for our team – is it you?

We need a Physiotherapist who is available to work 5 days per week from Monday to Friday. Hours are flexible to fit your schedule but should be consistent.

Neurological Physiotherapy is our core service, but we have since elaborated our orthopedic division to be just as unique. We're excited for this opportunity to add another member to our team! In this setting, a successful candidate would have plenty of opportunity to work alongside a neurological physiotherapist and a highly skilled orthopedic physiotherapist who also provides pelvic physiotherapy. You'll have a training period with the founder of the practice, and you'll be supported by an amazingly organized administrative assistant.

In this position, you'll get to change the lives of your clients, giving them hope that they might have a more mobile future than what they previously believed was possible. As an addition to our team, you'll experience mutual respect between all members of the team, you'll have plenty of time for documentation, you'll be encouraged to take paid breaks and you'll receive ongoing mentorship for personal and professional growth.

If this sounds like the right fit for you; if you'd like to join our family, send us an email at neurophysiosudbury@gmail.com. Put "PT Family" in the subject line. Then, write a short paragraph describing your ideal work environment and attach your resume. You will get an email response if we think you're a good fit for our team.

We look forward to hearing from you!
